

GENERAL RULES

01 Due to CLIB's mission to become an eco-school, plastic bottles are not allowed at the conference.

02 In the general assembly, and Special Conference, delegates will receive warnings for inappropriate use of technology.

The first time, an admin warns the delegate individually. The second time, the delegate's electronic device is confiscated, given to the chair until the end of that issue, and the delegate receives a formal warning. On the third offence, the delegate's electronic device is confiscated and only returned when the delegate comes with his/her MUN coordinator to get it from the chair; furthermore, the delegate will receive another formal warning.

03 Officers can issue warnings to delegates who act disruptively.

Warnings should be issued sparingly and only for the most unacceptable, rude, and out-of-line behaviour. On the second warning, the delegate and his/her teacher are consulted. On the third warning (count continues from one day to the next), the delegate is expelled from the assembly and must remain with his/her teacher for the remainder of the conference.

04 Boys must wear a tie and when speaking at the podium, they must wear a blazer.

05 Girls must wear clothes that are suitable for a MUN meeting.

06 Students are responsible for the safe keeping of BRAMUN placards, flags, etc. Any loss or damage will incur a 10€ replacement fine.
